EBT Next Generation Conference Focuses Solely on Record Breaking $80+ Billion in Electronic Benefits Payments, Received by One in Seven Americans

WHO: State government officials who oversee WIC and SNAP programs, Food and Nutrition Service (FNS)/EBT directors, larger retailers, payment processors and companies that support these programs will gather at the only conference solely focused on government benefits payments, EBT: the Next Generation 2016

WHAT: Advancements in technology continue to pave the way for more electronically streamlined and secure methods of payment including electronic benefit payments. This one of a kind of event concentrates on administration, best practices, technology, waste and the future of EBT payments. Attendees will also hear about current regulatory and legislative updates.

This will be the EFTA’s 19th EBT Next Generation Conference and topics include:
- Issues/concerns facing EBT such as fraud and abuse
- Retailers' perspective on EBT
- Best practices on program management
- 2020 WIC mandate
- EBT technology and mobility and more

About EFTA
The Electronic Funds Transfer Association (EFTA) is a non-profit trade association dedicated to the advancement of electronic payments and electronic commerce. EFTA’s nearly 300 members include the nation’s leading financial institutions, ATM owners, networks and manufacturers, payment processors, card companies, and software companies, state governments and technology services providers. For nearly 40 years it has informed debate over the consumer, business and policy implications of new and existing payments technology. EFTA accomplishes this through public outreach to Congress, the administrative agencies, regulators, consumers and the media. For more information, visit [www.efta.org](http://www.efta.org)
